COMPONENTS;

The game has a duration of 2.5 hours and consists of the following parts;

Intro; GAME INSTRUCTIONS, MAKING TEAM FLAGS, MAKING AND EXECUTING HAKA

- WATER MOVE ASSIGNMENT

With your team you make a water pipe construction from bamboo, wood and ropes. If this is successful you can start solving riddles. For each correct answer you can move the water. Which team can move the most water within the time.

- FOOD TEST

You stand with the different teams around the round table where the filled bamboo containers are ready. The game leader explains the rules of the eating test and you just hope: have I got the answer right? If you get a correct answer, there is no problem and you get a point! If you answer incorrectly, you must turn over a container and eat the filled bamboo container.... NB! Not everything is dead in the containers.

- MAKING AND SHOOTING CASTAPULT

Together with your team you build a homemade solid catapult using only beams and ropes. When the catapult is ready and checked by the game leader, the coconut shooting begins! Who can score the most points?

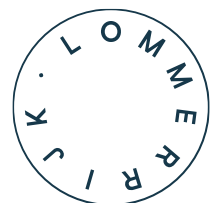

- TANGRAM PUZZLE & MAKE FIRE

Solve the tangram puzzle and earn materials to make your own fire! You can make a fire with a firestick, hay, wood and a large fire bowl. Which team can burn through the rope first?

SLOOP TREASURE HUNT

(From 25 people)

A unique treasure hunt through Hilleegersberg... not on foot, but in sloops that you drive yourself!
Because sailing makes you hungry, we will of course end with a relaxing BBQ or buffet at Lommerrijk!

THE PROCESS OF THE DAY

The Bergse Plassen in Rotterdam Hilleegersberg form the beautiful backdrop to this fun tour. All teams get into their own boat and have to immediately start working on a photo assignment. 'The best helmsmen are on shore' no longer applies because everyone 'has to work'. Using a tablet with GPS and internet, participants navigate a route at their own discretion across the inland waterways of Rotterdam, full of small islands, narrow passages and beautiful natural beauty. Along the way, questions are answered and assignments are carried out on board the sloop that count towards the final result. Who has a keen eye for the environment, is handy with riddles or has good general knowledge? So teamwork!

At the end of the treasure hunt you will return to Lommerrijk, where you will be welcomed and the prize giving ceremony will take place. In the meantime, the BBQ is lit or the buffet is prepared. After the awards ceremony, the BBQ or dinner buffet starts. We serve various drinks from the Dutch drinks range for 2 hours based on subsequent calculation.

PRICES

Lommerrijk's sloop treasure hunt can now be reserved as a package in combination with a dinner buffet or BBQ.

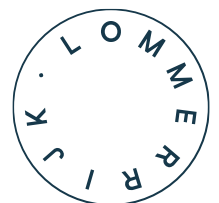

The price (minimum 25 people) is € 100.00 per person.

INCLUDES

- Reception with a div. non-alcoholic drink
- Sloop treasure hunt through Hilleegersberg with professional guidance
- Rent electric sloops
- Enthusiastic instructor(s)
- Use tablet with internet and GPS
- Team bags incl. materials
- Festive award ceremony
